

StarLeaf Roller Stamping Machine

34-001

The ideal machine for stamping impressions onto ring shanks. The unique round die is rolled with slight pressure onto the inside of the ring shank. By rolling instead of stamping, the impression is even, neat and does not distort the ring shank shape. Supplied with one blank die and three nylon shank supports. Optional flat support can be used for rolling impressions on flat surfaces.

SPECIFICATIONS:

Dimensions: 6" w x 6" d x 10" h (150 x 150 x 250mm)

Shipping weight: 10lbs (4.5kg)

Replacement Parts:

- 34-001-1 - Blank Die
- 34-001-2 - Shank Support
- 34-001-3 - Flat Support

Custom stamps can be made to order. Please supply logo or trademark and size. Deposit required.
