

Pliers

Eisinger pliers are made from the finest European steel, drop forged and tempered for maximum strength. Box joints assure accurate alignment of the jaws and plastic grips provide comfort.

Eisinger Chain Pliers

Precision tapered flat point for working in narrow areas.

A Lightweight

30-1105
Smooth jaws. 4¹/₄" (110mm) length.

B Smooth Jaws

30-205
5" (130mm) length.

C Long Nose

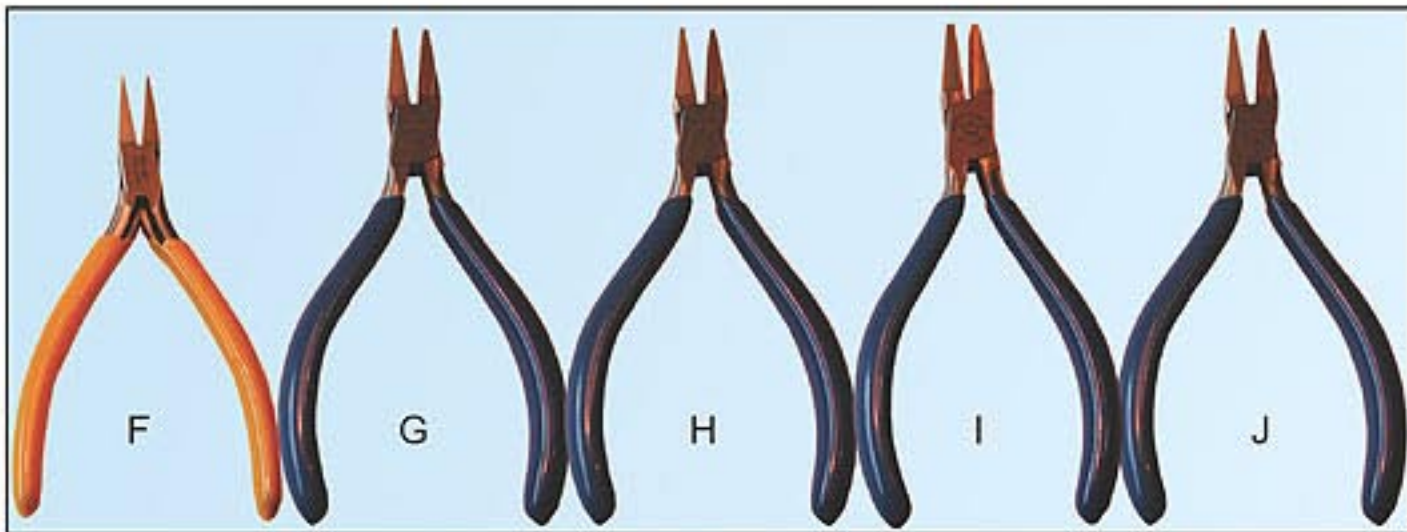

30-1405
6" (150mm) length.

D Serrated Long Nose

30-1455
6" (150mm) length.

E Serrated Jaws

30-705
5" (130mm) length.

Eisinger Flat Pliers

Flat jaws are approximately ³/₁₆" (4mm) wide jaws.

F Lightweight

30-1005
Smooth jaws. 4¹/₄" (110mm) length.

G Smooth Jaws

30-105
5" (130mm) length.

H Serrated Jaws

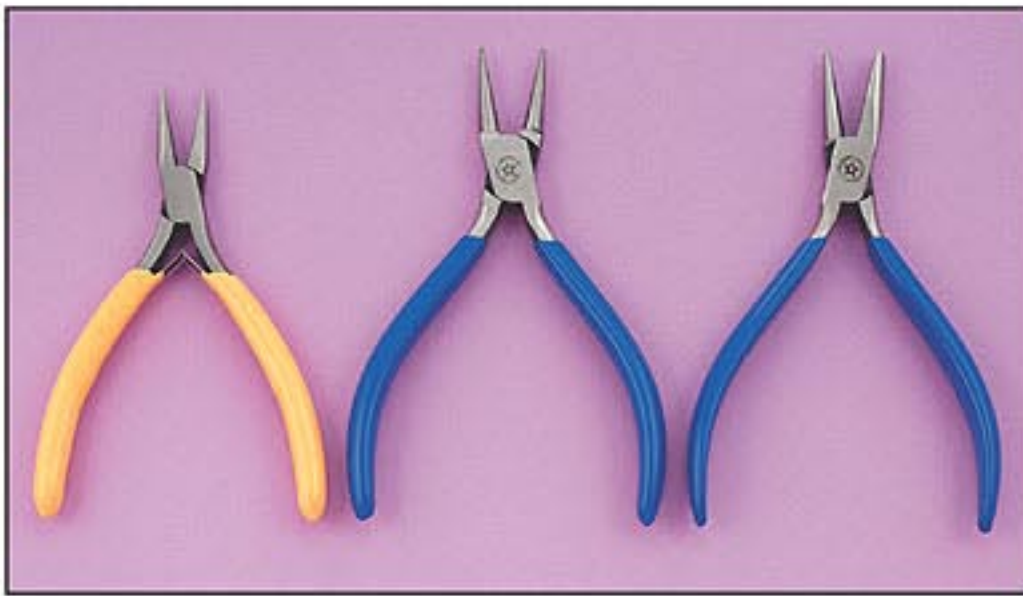

30-605
5" (130mm) length.

I Brass Lined

30-3240
5" (130mm) length.

J Flat/Half Round

30-3264
5" (130mm) length.

Eisinger Round Pliers

Jaws are perfectly round and tapered.

Lightweight

30-1205
Smooth jaws.
4 1/4" (110mm) long.

Round

30-305
Smooth jaws.
5" (130mm) long.

Round/Hollow

30-3265
5" (130mm) long.

Eisinger Curved Tip Pliers

Bent nose for easy access.
5" (130mm) long.

Smooth Jaw

30-207
60° angle.

Serrated Jaw

30-208
60° angle. Good access plier with serrated jaw for gripping.

90 Angle

30-0756
Smooth jaw. 90° curve jaw makes seeing easier, especially for small prongs and tennis bracelets. With leaf spring.

Eisinger Setting Pliers

Stone Setting

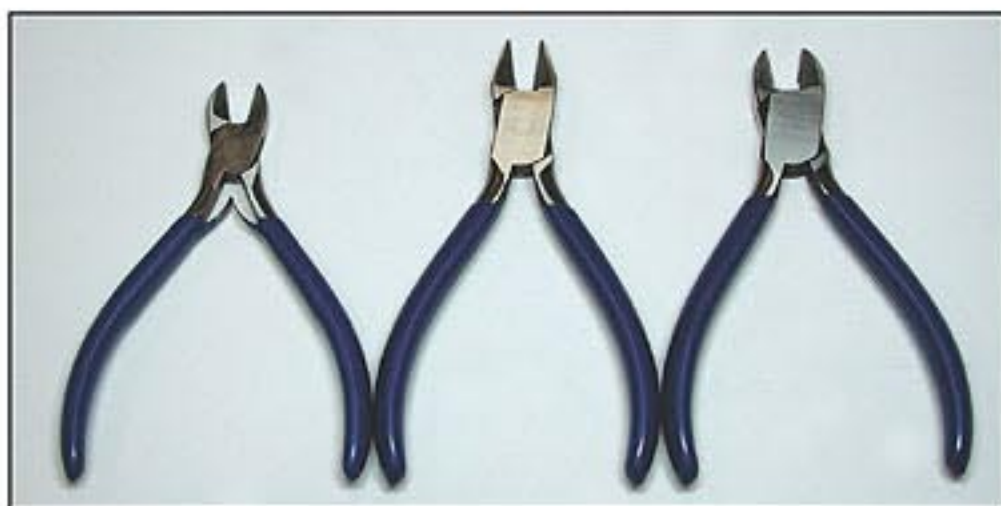

30-3251
For prong tightening. 5" (130mm) long.

Prong Opening

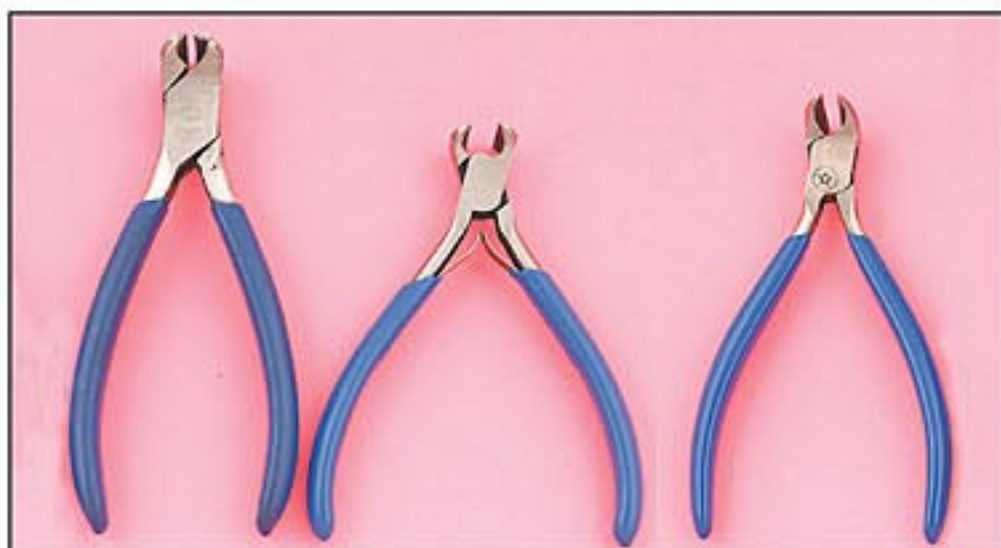

30-3232
A great plier for opening prongs without harming stones. Top jaw grabs prong cleanly while lower jaw holds prong inside groove. 4 1/4" (110mm) long.

Prong Closing

30-3255
Bent nose pliers with a groove so the tip doesn't slip off when closing prongs.
4 1/4" (110mm) long.

Eisinger Cutting Pliers
Flush Cut Side Cutter
 30-297
 5" (130mm) long.
Standard Side Cutter
 30-505
 5" (130mm) long.
Carbide Side Cutter
