

## Eisinger Presents Emco Compact 5 Lathe

35-300

For the more demanding professional, the Compact 5 lathe is designed with the precision and accuracy of larger industrial lathes. The cast iron bed is extremely resistant to vibration and twist. With optional accessories the Compact 5 also converts to a universal machine tool with added capabilities of thread-cutting, milling, drilling, gear cutting and vertical boring.

### SPECIFICATIONS

Distance between centers:	13.780"

Swing over bed:	5.120"
Cross slide travel:	1.969"
Hole through spindle:	0.630"
6 spindle speeds:	250/400/650/1100/1800/2800
Motor rating:	115V, 500w, 60hz
Tailstock taper:	MT1
Tailstock travel:	1.378"
Tailstock diameter:	0.866"
Shipping weight:	62lbs (29kg)

## Sherline Mini-Lathe

35-100

Our American made miniature lathe is ideal for machining small parts in metal (including steel) or wax. This professionally designed lathe has a high degree of accuracy, offers a powerful high torque DC motor with a variable speed control and has a complete array of accessories and attachments, all at a reasonable price.

### Features:

- High torque DC motor with electronically controlled speed controller from 75 to 3000 rpm.
- Lifetime lubricated bearings.
- Dove tailed machine slides with tapered adjustable gibs for precise adjustment.
- Available in metric (0.01mm) or inch (0.001") graduations. Please specify when ordering.
- Vertical milling attachment optional.

### SPECIFICATIONS:

Dimensions:	18"l x 7 1/4" w x 6" h (460 x 190 x 150mm)
Graduations:	0.001" or 0.01mm
Shipping weight:	21lbs (9.6kg)
