

StarLeaf Spring Degree Gauges

38-004 – 1/4mm-150mm capacity
 38-005 – 1/4mm with adjustable point-150mm capacity
 38-006 – mini size gauge 1/4mm-100mm capacity
 38-009 – 1/4 Ligne-1/4mm with brass index-120mm
 Shipping weight: 2oz (50g)

Eisinger Pocket Slide Caliper

38-015
 Brass pocket caliper.
 Capacity: 3" (80mm)
 Shipping weight: 1oz (28g)

Helios Vernier Slide Caliper

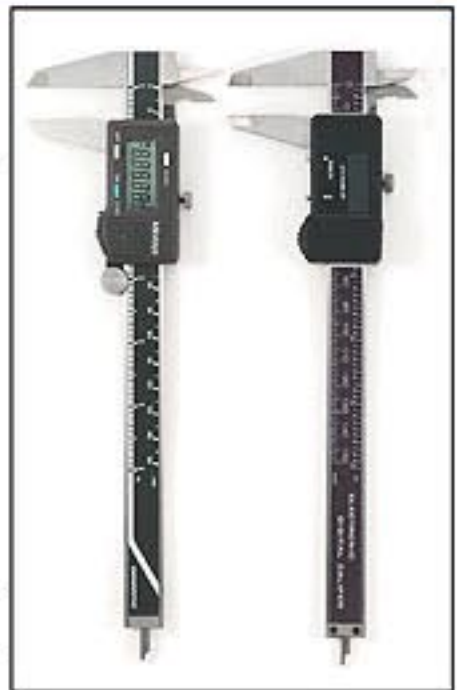

38-012
 Quality caliper with finely honed jaws. Measures inside and out in inches and millimeters.
 Capacity: 6" (150mm)
 Shipping weight: 4oz (112g)

Digital Caliper

38-020
 Extremely fast and accurate readings both inside and out. Push button control of mm/inch conversion and taring function. Made in Japan
 Capacity: 7 1/4" (200mm)
 Accuracy: 0.01" (0.01mm)

StarLeaf Digital Caliper

38-021
 Low priced, but excellent quality version of our 38-020. Made in Hong Kong.
 Shipping weight: 13oz (365g)

Stainless Steel Dial Caliper

38-014
 This well engineered caliper measures inside, outside and depth. The gauge is accurate to 0.02mm, with a measuring range of 0mm to 150mm. Features an easy-to-read "adjust to zero" dial and thumb roller action with lock.
 Shipping weight: 13oz (365g)

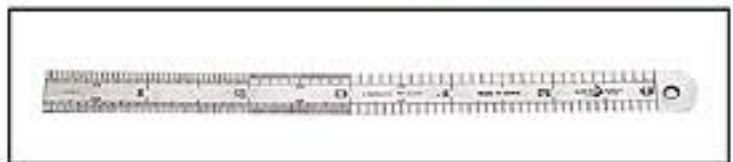

StarLeaf Micrometer

38-023
 Precision made with friction stop.
 Capacity: 25mm
 0.01mm increments
 Shipping weight: 6oz (170g)

Ruler

38-024
 Stainless steel in millimeters and inches (1/16" increments)
 Length: 6" (152mm)
 Shipping weight: 1oz (28g)

Diamond Mounting Gauge

38-050
 Designed to accurately measure any blank crown or plate within seconds and determine the size stone you need. Each stainless steel gauge (18 pcs per set) is clearly marked in point sizes from 1/4 point to 50 points (1/4 carat). Complete with storage case.
 Shipping weight: 1/4lb (225g)

B & S Wire Gauge

38-031
 American Standard, measures wire gauges 0 to 36.
 Shipping weight: 1oz (28g)

Leveridge Gauge

03-201

An accurate and efficient way to measure diamonds and pearls in their settings by millimeters and estimate carat weight based on these measurements. Also measures ring sizes. Includes gauge, book, attachment for fine measurement, melee table and case.

Shipping weight: $\frac{3}{4}$ lb (340g)

03-201-1 – Book and Case only

03-201-2 – Attachment only

Gemstone Dial Gauge

03-202

Easy to read, color coded dial for fast and accurate millimeter readings for carat conversion. Measures to 23mm in .01mm increments. Includes high setting attachment, zero adjustment knob and carrying case.

Shipping weight: $\frac{1}{4}$ lb (225g)

Digital Leveridge Gauge

03-205

The most accurate method of measuring stones in their settings. Digital 0.01mm read out makes for extremely accurate readings. Tare function makes multiple readings fast and easy. Includes attachment for fine measurement and case.

Shipping weight: $\frac{1}{4}$ lb (225g)

StarLeaf Ring Size Sticks

Reads sizes 1 to 15. Grooved sticks are for rings with stones.

38-106 – Aluminum, standard

38-107 – Aluminum, grooved

38-103 – Hollow metal, standard

38-104 – Hollow metal, grooved

38-113 – Plastic, grooved

Shipping weight: 6oz (170g)

Ring Size Set

Reads 1 to 15. For measuring fingers.

38-063 – Standard with flat shanks

38-071 – Wide band with flat shanks

38-067 – Plastic

Shipping weight: 3oz (84g)

Ring Size Set with Mandrel

38-080

Finally, a solution to the age old problem of matching finger size measurements to ring stick measurements. Ensure that customer orders match the factory size.

Stainless steel finger sets 1 to 13 and anodized aluminum ring stick 1 to 13 to match.

StarLeaf Bracelet Gauge

38-075

Measure wrist circumference. Reads 15 to 23cm in 0.5 cm increments.

Shipping weight: 3oz (84g)

Jo-Di Diamond Gauge

03-203

Estimates diamond weight in four basic shapes: round, marquise, emerald and pear, by measuring stones in their mountings. Includes gauge and 70 page reference book. Shipping weight: 4oz (112g)

Baker Stone Gauge

38-041

Measures stones in carats and settings in millimeters. Capacity: 0.03 to 4 carats
2 to 11mm

Shipping weight: 1oz (28g)

K & B Stone Gauge

38-042

Measures stones from .03 carat to 4 carats and corresponding settings in millimeters.

Birthstone chart on the back.

Shipping weight: 1oz (28g)
