

**Eisinger Diamond Loupes**

Diamond loupes are proper triplets which correct for color and planar distortion typical of a single lens loupe.

**10X Triplet Loupe**

Our most popular diamond loupe with excellent optics, an all metal housing and leather case. Chrome finish is superior for color identification. 18mm lens.  
 01-101-B - Black anodized  
 01-101-C - Chrome finish  
 01-101-G - Gold finish

**20X Triplet Loupe**

01-108  
 This loupe features an extra large 21mm lens with 15X magnification. The triplet lens corrects color and planar distortion.

**StarLeaf Hexagon Loupe**

01-103

This 10X loupe has an extra wide 20.5mm triplet lens in a black anodized metal housing. Includes leather case.

**Loupe Chain**

01-101-1

Helps keep track of your loupe. Loupe sold separately. Length: 25" (635mm)

**B & L Eye Loupes**

With single, carefully ground and polished lens mounted in a lightweight plastic frame.

| Working Distance | Power | Order # |
|------------------|-------|---------|
| 1" (25mm)        | 10x   | 53-001  |
| 1 1/4" (38mm)    | 7x    | 53-002  |
| 2" (50mm)        | 5x    | 53-003  |
| 2 1/4" (64mm)    | 4x    | 53-004  |
| 3" (75mm)        | 3.3x  | 53-005  |

**Optivisor**

Is the original magnifier with a polished, replaceable glass lens. Comfort is provided by leather padded, adjustable head band.

Working

| Distance    | Replacement Power | Model # | Order # | Lenses   |
|-------------|-------------------|---------|---------|----------|
| 14" (355mm) | 1 1/4x            | DA3     | 53-203  | 53-203-1 |
| 8" (205mm)  | 2 1/4x            | DA5     | 53-205  | 53-205-1 |
| 6" (150mm)  | 2 3/4x            | DA7     | 53-207  | 53-207-1 |

**Bausch & Lomb Loupes**
